## Piyo Piyo

**A**bout Them: [Born](#) from a mother and father's love for their children, Piyo Piyo's products have always been developed with little ones in mind. It was when our founders Annie & William discovered the lack of safe and functional baby products within the marketplace for their children that they decided to create their own line in Taiwan. [Piyo Piyo](#) [↗](#) sells a wide variety of baby products from [newborn](#) to the feeding stage. They have a huge variety and the [prices](#) a perfect for any parent of a [price](#).

They sent me a box of tons of baby products for [newborns](#) to about age one. That are for health, teething [rings](#), pacifiers, and much more that all fit nicely in a box. This was a [gift](#) for a friend of mine, and when she got home and got to open them up and use them, she loved how durable, and how nice the [quality](#) of the items were. Plus they're yellow so it was easy to find in among the other baby stuff, that are so close to looking the same. Then they sent me a bag with a rolling toy that comes apart at the top so you can get the matching shapes into the cap. Then sent a stacker, and a rattle. All which are great quality, cute, great for moms to be, or new moms. Everything is [priced](#) good, and so worth purchasing.

Disclosure: I received product(s) for free, in exchange for an honest review, which may differ from yours. Regardless, I only recommend products or services I used personally, and believe will be good fit for consumers.
